

Sales and Technical Support Representative since 1965, offering a wide range of professional services for heavy industry projects, thanks to the partnership with suppliers of large selection of products.

Being the link between international suppliers and Italian clients, we are in charge of sales management and logistics, helping our principals and clients with the preparation and the follow up of deliveries.

We offer global solutions to meet our clients most particular requirements.

**MEDITER-TEC** represents national and international companies throughout Italy, for the sale of components, products and systems for the construction of industrial plants.

Our target markets are:

- Power Generation
- Oil & Gas
- Steel
- Water Treatment and Desalination
- Ship Building

## COMPANY FLOWCHART

### COMMERCIAL AND FINANCIAL COORDINATION

- Carlo POGGI

### ELECTRICAL DIVISION

- Andrea POGGI  
- Paolo BONARIA

### INSTRUMENTAL DIVISION

- Gianni CORRADI  
- Roberto DELIGIA

### MECHANICAL DIVISION

- Carlo RAVEGNANI  
- Matteo POGGI

### FOREIGN REPRESENTATIVES FOR ITALY

- Andrea POGGI  
- Paolo BONARIA  
- Angela RIELE

### ADMINISTRATION AND AFTER SALE ASSISTANCE

- Francesca BOTTO  
- Michela VANDONE  
- Letizia BIORCI  
- Sarah GERMANI

### SECRETARIAT

- Federica ARIONI

## REPRESENTED COMPANIES

### Electrical sector

#### Medium voltage

- MV circuit breakers and switchboards.
- MV Metal Clad switchboards
- Supervisory and driving systems for MV switchboards and devices (SF6)

#### Low Voltage

- LV systems

- Isolated Phase Bus Ducts "IPBD" for Medium and Large Power Generation
- Generator Interface Cubicles
- Voltage Transformer Cubicles
- Neutral Grounding Cubicles
- Accessories (Bushing Insulators, Current Transformer, Supporting Insulators, Expansion Joints, Supporting Structures)

- Electro-instrumental assemblies in low and medium voltage
- Complete electro-instrumental systems

# MEDITER-TEC

RAPPRESENTANZE INDUSTRIALI - FORNITURE - PROGETTAZIONE

---

- Busbar systems 25 ... 6300A
- High bay luminaires

- Automation systems
- Electrical measurement switchboards
- Pressurized switchboards for explosion-proof environments
- Electrical tracking systems
- Burners for Gas Turbine
- Grinding and corrugating machines for restoring the surface of the milling cylinders
- Weighing systems for mills

- Engineering (Feasibility and development studies, Basic engineering, detailed engineering and process standardization)
- Field Services (Personnel Management, commissioning and start-up, training)
- Turn-key industrial lighting systems
- Markets: OIL & GAS, ELECTRICAL T&D, POWER PLANT, RENEWABLES, CHEMICAL & PHARMA, NUCLEAR

# MEDITER-TEC

RAPPRESENTANZE INDUSTRIALI - FORNITURE - PROGETTAZIONE

---

- Supply and blanking of magnetic laminations

**FORELIND**<sup>®</sup>  
Special Electrical Cables

- Thermocouple Extension and Compensation Cables
- Cathodic Protection Cables
- Low Voltage Cable
- Low Voltage Armoured Cable
- Low Voltage Shielded Cable
- Medium Voltage Cables (armoured and unarmoured)
- Power Armoured Cables for Oil Wells
- Fiber Optic Cables
- Oil & Gas
- Cable CPR
- Instrumentation Cables Power Cables Fiber Optic Cables

- Starter batteries, traction batteries, charging equipment, stationary batteries and lithium cells

- Standardized MV and LV switchboards
- Transformer container compartments
- Outdoor electrical cabins

# MEDITER-TEC

RAPPRESENTANZE INDUSTRIALI - FORNITURE - PROGETTAZIONE

---

- Grid Solutions
- Energy Storage Next Generation
- Custom Solution (Operation & Maintenance, Automation, Weighing and dosing system)
- Markets: OIL & GAS, ELECTRICAL T&D, POWER PLANT, RENEWABLES, CHEMICAL & PHARMA, NUCLEAR

- Oil, resin and air transformers for Medium and Low voltage

- UPS from 250VA to 5000 KVA
- Application for iron and steel plant up to IP52
- UPS certified EN50171 for emergency lighting system
- Modular UPS from 25 to 600KW Static load transfer modules up to 2600A
- Power stations with 20 to 6000A plug-in rectifiers

- Power factor correction systems

# MEDITER-TEC

RAPPRESENTANZE INDUSTRIALI - FORNITURE - PROGETTAZIONE

---

- Planning and supply of electrical trace systems
- Electrical tracing components
- MgO and PTFE Insulated Cables
- Constant Wattage and self-regulating cables

- Medium Voltage Variable Frequency Drives
- Medium Voltage Motors

- Enbloc outdoor prefabricated LV/MV electric cabins with reinforced-concrete panels

# MEDITER-TEC

RAPPRESENTANZE INDUSTRIALI - FORNITURE - PROGETTAZIONE

---

## Instrumental sector

- Vibrometers, balancers and stroboscopic tachometers

- Current transformers up to 50000 A and voltage transformers up to 45000 V

- Coaxial valve and solenoid valve CO-AX Müller
- Solenoid valve ATEX for special application for high temperature and pressure

- Valves
- Instrumentation rack
- Flow elements (disks, nozzle, venturi tubes)
- Sampling systems and analysis
- Pre-fabricated pipes
- Skid electro-mechanical

- ACCREDIA LAB for certification and tools

# MEDITER-TEC

RAPPRESENTANZE INDUSTRIALI - FORNITURE - PROGETTAZIONE

---

**KOSO PARCOL**

- Pressure reducing valves
- Controlled noisy reducing valves
- By-pass valves high and low pressure
- Control valves
- Blow-off valves
- Safety valves

**KROHNE**

- Flowmeters and flow controllers
- Magnetic inductive, ultrasonic, variable area, ponderal flow meters
- Radar and ultrasound levels
- Capacitance and vibration level switches
- Densimeters and viscosimeters

**MB**  
**M.B. VALVESERVICE**

- Solenoid valves

**NUOVA FIMA**

- Manometers
- Thermometers
- Pressure switches

**PETROL**<sup>®</sup>  
**PETROL Instruments S.r.l.**

- Volumetric flow transmitters

# MEDITER-TEC

RAPPRESENTANZE INDUSTRIALI - FORNITURE - PROGETTAZIONE

---

- Temperature sensor cables
- Special cables for industrial applications
- Cable for high temperature electrical resistance

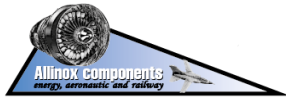

- Thermoelements
- Thermocouples and thermoresistances ATEX certificated

- Field process instrumentation and DCS systems

## Mechanical sector

- Precision mechanical components build to design

- Automatic filter systems for water
- Single and multi-element housing filters, basket filters
- Filters for oxygen

- Electric valve actuators
- Valves gear-boxes

- Electric valve actuators
- Valves gear-boxes

## Metal carpentry

- Light (fencing, gates, grates, grilles, etc.)
- Medium (load-bearing structures for buildings and industrial warehouses, etc.)
- Heavy (bridges, viaducts, etc.)

- Constant and variable spring hangers
- Roller supports
- Catenary accessories

- Civil and industrial soundproofing systems

- Oil lubrication gearcase
- Fuel thrust skid
- Pressurization and fluxing systems
- Gas and air dryers
- Shell and tube heat exchangers

- Carpentries for applications in hydraulic, petrochemical, iron and steel field
- Tanks
- Heat exchangers
- Vapour and gas turbine cases
- Insides and external cases
- Carcass for alternators and generators with relative frontal closing

- Air-cooling batteries

- Construction and overhaul of machines, engines, electrical motors and equipment
- Mechanical maintenance
- Mechanical machining

- Automation systems
- Electrical measurement switchboards
- Pressurized switchboards for explosion-proof environments
- Electrical tracking systems
- Burners for Gas Turbine
- Grinding and corrugating machines for restoring the surface of the milling cylinders
- Weighing systems for mills

## Thermal Spray coating on various components of:

- Gas Turbines
- Steam Turbines
- Hydro Turbines
- Waste Burners
- Steel

- Heat exchangers

- Control valves

- Ferrous and non-ferrous material forging

- HVAC system and equipment

- Sensitive fans
- Centrifugal fans
- Service and reverse engineering

# MEDITER-TEC

RAPPRESENTANZE INDUSTRIALI - FORNITURE - PROGETTAZIONE

---

- Condensed downloaders
- Non return valves
- Boiler water control equipment
- Plate heat exchangers
- Condensate release groups
- Getters
- Desuperheaters

- Centrifugal pumps
- Fire systems
- Shut-off valve

- Steel castings

- Metallic carpentry
- Tanks

- Overhead cranes
- Gantry cranes
- Travel lift

# MEDITER-TEC

RAPPRESENTANZE INDUSTRIALI - FORNITURE - PROGETTAZIONE

---

- Insulation system for steam and gas turbines
- Textile expansion joint

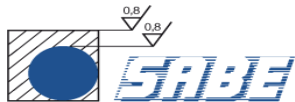

**Supply of:**

- Plates
- Section bars
- Conduits

- Rollers and components for bulk handling
- Conveyor belts covering

- Construction steel and machine tooling

- Prefabrication and assembly of metallic hand manufactured goods
- Vessels
- Skid

## SANCO

- Fire & Gas Detection System
- Water System
- Foam System
- Gas System
- Fire fighting vehicles
- Fire suppression equipment

- Conveyor belts
- Elevator belts
- Junctions for conveyor belts

- Flexible Hoses
- Metallic expansion joints

## FOREIGN COMPANIES REPRESENTED IN THE ITALIAN TERRITORY

### **Torch Cutting machines**

- Slab Cutting Machine
- Billet Cutting Machine
- Longitudinal cutting
- Torch Cutting Machine for Blooms

### **Scarfig machines**

- Scarfig Manipulators
- Hand Scarfig

### **Tube mill plants:**

- Lengtheners
- Stretching gears
- Strengtheners

### **Bar, round and rod rolling mill:**

- Roughing
- Gauges
- Saw

- A.C. and D.C. electrical motors
- Gears for roll-ways
- Mill motors

## X-ray measuring systems

- Thickness and thickness profile
- Multi-channel measuring system
- Coating - metallic and organic

## Isotope measuring systems

- Tube wall thickness and eccentricity

## Optical measuring systems

- Width, position of material, crop form & crop length, tube diameter and length, straightness
- Flatness TopPlan

- Cold and hot briquetting systems
- High-pressure grinding rolls
- Compaction roller presses
- Grinding roller presses

- Speed and length laser measuring systems

- TVCC systems for steel industry
- Video systems for high-temperature area

- Marking systems (hot labeling, paint marking systems, metal powder marker)
- Digital stamping machines
